AGAINST THE GRAIN WINDOWS & DOORS

Against the grain
Windows & Doors

/ A SUMMARY OF ACCOYA® WOOD

A new world of sustainable and low maintenance windows and doors is available using Accoya® wood.

The result: a durable, dimensionally stable, reliable and beautiful solid wood with the performance characteristics of the most durable tropical hardwoods, but offering industry-leading environmental credentials.

- Accoya® wood windows and doors can be expected to last at least twice as long as engineered softwood before replacement
- Low risk of windows and doors jamming in humid conditions

- Coating maintenance intervals can be expected to be twice as long on Accoya® wood
- Accoya® wood windows and doors contain no biocides
- Thermal conductivity is improved in comparison with softwoods and hardwoods
- Accoya® window frames are now classified as Carbon Negative over their full life cycle

ABOUT AGAINST THE GRAIN WINDOWS & DOORS

Against the Grain Windows & Doors was established in 2009 with a focus on producing exceptional made-to-measure timber windows and doors using top craftsmen, and the finest timbers and hardware available. Since opening our doors we have seen steady growth and a shift from mainly domestic consumers in the Blue Mountains to now include residential and commercial projects throughout NSW.

Our strong reputation is a direct result of the quality of our workmanship, listening to our clients to achieve the best possible result for them, and our customer service that continues long after the completion of the sale.

As a member of the Windows and Doors Industry Council (WADIC) we adhere to all Australian standards and codes and are kept up to date on industry innovations that we can share with our clients.

For more information about our services please call 02 4782 3210 for sales and showroom.

INNOVATION IN WOOD

KEY FEATURES
